

REMARKS/ARGUMENTS

Claims 1-10 are in this case and have been allowed via the Office Action dated March 13, 2008.

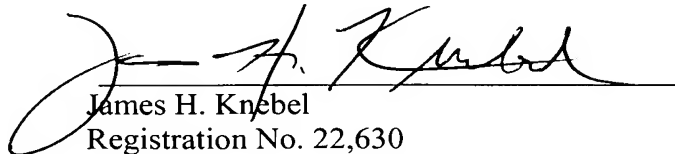

In reviewing the Application file prior to the printing and payment of the issue and publication fees (due on June 13, 2008), an error has been discovered in the amended version of claim 1 which had been filed along with the original application on November 9, 2005. More specifically, the formula at the very end of amended claim 1 had been inadvertently typed so that an "I" replaced the intended "l" in the formula. Support for this correction can be found at page 2, line 17 of the specification as well as the original claim 1 before amendment.

Failure to allow this correction would possibly render the claim invalid and/or unenforceable because the claim contains no definition for l rendering the recited relationship meaningless.

The allowance of this amendment is earnestly solicited.

Respectfully submitted,
